Daredevil rabbit and clumsy duck explore Forrest meadows

Winterthur, 2nd October 2009

Little listeners, enjoying the book “The adventures of Schnäddi and Höppi”, quickly identify with the two main characters and await the 120 pages of adventure with excitement.

“The adventures of Schnäddi and Höppi” is a captivating tale of adventure with delightful language aimed at children from 5 years of age – without the often tedious tempo typical of our media age. Here, the child is able to learn how to listen, enjoy the details, contemplate and consider images, whilst also finding out new facts such as what fool’s gold actually is or where the North Star can be found in the sky.

The illustrations of the renowned illustrator of books for children and young people, Bernhard Oberdieck, are extremely loving and idyllic by design. With variations in characters’ voices, the “Schnäddi und Höppi” text is particularly well suited for playback. It is thus delightful that a second “Schnäddi und Höppi” recording is due for release in the foreseeable future. After all, how else could one console one’s child at the end of the book?

The adventures of Schnäddi and Höppi, 120 pages, 33 illustrations, Winterthur 2008, ISBN 978-3-033-01544-9, Schnäddi & Höppi Verlag, Tösstalstrasse 99, CH-8400 Winterthur is available as a book and an audio book (approx. 80 minutes playing time).
